Dear Sir,

The General Management of the Victoria Hostel is vested in a Committee of representative gentlemen appointed from time to time by the Syndicate of the Madras University. The various important Colleges in the place, the Government and the Native public have all their representatives on this Committee. This Committee appoints a warden who has the privilege of free quarters attached to the Hostel. There have been three wardens including the present one since the Hostel began to work. All these have been Europeans, two of them professors of the Presidency College and one a professor of the

"Civil Engineering College The free quarters are considered to be worth at least Rs 100 a month Under the Warden there has been a deputy warden who is a native gentleman, an Assistant Professor of the Presidency College generally His office has been purely honorary, and the discipline regarding the kitchen and the Management of Cooks has been under his supervision and guidance There is a paid European sergeant — his pay is about Rs 50 and he is a pensioned Soldier, I believe — who performs most what may be spoken of as the duties of the watch dog in relation to the student inmates of the hostel There is in addition a writer and a storekeeper, whose functions you can easily guess In regard to internal management, there

is, I learn, a certain amount of self government allowed to the students The nature and the limit of this self government is, as natural, determined by the Warden after Consulting, if necessary, the Deputy Warden Such are, as I have learnt, the arrangements in volue here in connection with the management of the Victoria Hostel I regret I have not been able to send you this information earlier

I am
